

ISABELLA COUNTY HOUSING REHABILITATION PROGRAM
Pre-Qualification Form (PQF)

Homeowners interested in funding assistance from the Housing Rehabilitation Program must submit a completed Pre-Qualification Form (PQF) as the first step in the application process. The PQF streamlines the qualifying process by allowing a quick review of major program requirements. This is done to save the applicant the time and expense of filling out a full application, if minimum requirements are not met. Pre-qualifying does not guarantee that an applicant will actually receive funding or that funding will be available – it is just a step in the process that expeditiously evaluates whether or not an applicant may be eligible.

The PQF is available at the Isabella County Community Development office located at 200 North Main, Mt. Pleasant, 48858. The telephone number is: 989-772-0911. The PQF must be submitted to the Isabella County Community Development Department for review and evaluation. All applicants who submit a completed PQF will be notified by the Isabella County Community Development Department if they qualify for further application processing or not. Please note: The Pre-Qualification Form is an official part of the application process and upon its submittal; the applicant is subject to penalties for perjury, falsifying conditions or intentional misrepresentation.

Applicant Name _____

Contact Telephone _____
